

Society of Women Engineers

SWE is a not-for-profit educational and service organization that was founded in 1950 to empower women to succeed and advance as engineers and leaders.

The SWE Mission is to empower women to achieve full potential in careers as engineers and leaders, expand the image of the engineering and technology professions as a positive force in improving the quality of life, and demonstrate the value of diversity and inclusion.

The four Strategic Goals of SWE are:

Professional Excellence. SWE will be the premier resource for females in engineering and technology seeking growth and advancement at all stages of their careers.

Globalization. SWE will be recognized as a global, inclusive organization, empowering females in engineering and technology regardless of geography or career stage.

Advocacy. SWE will be the preeminent advocate for females throughout the engineering and technology pipeline.

Diversity & Inclusion. SWE will champion diversity in the engineering and technology professions and will promote an inclusive environment.

Who are we?

Eastern Nebraska SWE was chartered June 2, 1984 with 17 members. Today SWE Eastern Nebraska has over 50 members and continues to grow. Our members are in various stages of their careers, and we live and work in a number of communities in Nebraska including Omaha, Lincoln, York, Seward, and Norfolk.

Membership in Eastern Nebraska SWE is a great opportunity to participate in professional development events, meet and socialize with other engineers, share your story with our youth and introduce them to future careers in engineering. Through participation in leadership and committee positions, SWE is also an excellent organization to develop your management skills.

Our local SWE section strives to create a balance that blends our members' professional and personal lives while promoting Science, Technology, Engineering, and Mathematics (STEM) in our communities.

How Do I Join?

Join SWE today at www.swe.org/membership

Monthly Programs

- **Get-To-Know-You Socials** in early Fall, typically held in Omaha and Lincoln.
- **In-person Programs**
Speakers on a variety of subjects including professional and personal development, work-life balance, and technical presentations/tours. Monthly programs locations typically alternate between Omaha and Lincoln.
- **Webinar Option**
As a geographically-challenged section, we have begun to add a Webinar Option to a select number of our In-Person Programs.
- **Engineer's Week Banquet**
Eastern Nebraska SWE is a member organization of the Engineers Roundtable. It is a group formed of engineering-related organizations that sponsors the annual E-Week Banquet, along with other E-Week events.

Outreach

- **WOW! That's Engineering!** is a one-day biennial event held in Omaha in the fall to encourage middle school girls to pursue careers in engineering and technology. Check out our website at www.swe-nebraska.org/wow-thats-engineering
- **Completely Kids**
Each year, we partner with a few elementary schools in the Omaha Metro area to provide after-school education on engineering subjects.
- **UNO – Aim for the Stars**
Every summer, we have the opportunity to speak to 4th – 8th grade students about engineering and other STEM careers.
- **State & Area Science Fairs**
Members of our section take part in judging both the State and Metro Area Science Fair. We focus on girls with engineering projects and give awards to winners in both Middle Schools and High Schools.

**HELP EDUCATE AND INSPIRE THE
NEXT GENERATION**
